★ PORTABLE BUILDINGS ★

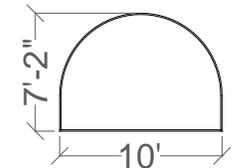

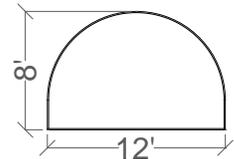

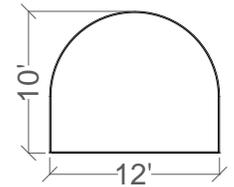

Our portable buildings are ideal for long term shelters. From fishing and hunting guide camps to mine and construction sites, the quonset-style portable building allows for easy handling, assembly and transport. These fabric buildings can be relocated and erected in a short period of time, making them great for garages, sheds or storage for commercial and personal applications.

★ LARGE AND STANDARD BUILDINGS ★

Our portable buildings are custom-made in our Fairbanks shop with materials equipped to withstand the rigors of the arctic environment. The frame for the quonset-style building is constructed from 1" square galvanized steel tubing for added strength and durability. Every building is hand crafted, allowing us to customize the building with the door and window ends you want. See the back of this brochure to choose from the various customized options.

Trade Size*	Length	Area	Weight*	Price**
Large 12' Wide with 10' Peak				
	18'	216 sq. ft.	455 lbs	\$3,300.00

★ **FABRIC CHOICES** ★

18oz BondCote LTC Vinyl:

BondCote vinyl is a flame retardant, low-temp vinyl boasting a cold crack rating of -50°F. The heavy duty vinyl maintains great strength over time.

13oz Sunforger Canvas:

Premium 13 oz marine finish Sunforger cotton canvas is double filled for a tighter, denser weave, and treated for fire-, water-, and mildew-resistance. The material retains its breathability despite this treatment, preventing condensation when the structure is used as a crew shelter. Only available in a natural, undyed color.

White	Gray	Black
Blue	Tan	Olive Drab
Yellow	Orange	Red

**Colors are representative only and will vary from the actual product. Please ask a sales representative for a free color sample.*

★ **CUSTOMIZED ENDS AND OPTIONS** ★

~ **ZIPPERED MAN-DOOR** ~

The standard zippered door uses a pair of #10 tooth zippers to create a man-door. The door can be rolled up and secured with a pair of 1" side release buckles.

Standard Zippered Door	\$135.00
#15 Tooth Zipper Upgrade	+\$75.00
Velcro Sealing Flaps	+\$120.00

~ **ZIPPERED GARAGE DOOR** ~

This style of end features a wider zippered door and a man door. Exact placement will vary depending on the size of the building. Both the garage and man-door can be rolled up and secured with a pair of 1" side release buckles.

Zippered Garage with Man-Door	\$495.00
#15 Tooth Zipper Upgrade	+\$115.00
Velcro Sealing Flaps	+\$240.00

~ **SCREEN WINDOWS** ~

Windows can be added to the ends for increased visibility and improved ventilation inside the building. Windows are triangular with zippered cover flaps. The window comes in two sizes: 42" wide (large) and 20" wide (small).

Screen Windows (Each)	\$150.00
------------------------------	-----------------

~ **ZIPPERED MAN-DOOR WITH SCREEN** ~

Uses a pair of #10 tooth zippers to create a man-door. A bug screen is built into the door. The door can be rolled up and secured with a pair of 1" side release buckles.

Zippered Door with Screen	\$275.00
#15 Tooth Zipper Upgrade	+\$150.00
Velcro Sealing Flaps	+\$120.00

~ **COMBO DOOR** ~

This option provides a framed door with glass windows and screens. This option is only available on 12" wide or larger buildings. The combo door provides added security with the option of locking the door and provides greater ease of access in and out of the building through a traditional door.

Combo Door	\$580.00
-------------------	-----------------

~ **STOVE JACK** ~

A square patch of silica glass fabric with a round silicone ring to allow for a stove pipe or heat ducts. A vinyl cover flap is provided to cover the stove jack when not in use. Available in 3", 4", 5" and 6" round and 4.5", 5" and 6" oval.

Stove Jack	\$155.00
-------------------	-----------------

★ **CAMP PACKAGE** ★

We have package options that include our most popular features for portable buildings. The following features are included: 18oz BondCote vinyl cover, galvanized steel tubing frame, zippered door front end, large window back end, 5" oval stove jack, and a stove jack cover flap.

***The 10' high portable building package comes with a zippered garage door and a zippered man-door.*
